

How to Order

1. Download and print the measuring worksheet and instructions.
2. Survey the structure to determine which openings require Diamond Hurricane Screen protection.
3. Enter the required information for each opening in the printed worksheet. Follow the instructions in the worksheet for measuring each opening.
4. Refer to the Grommet Spacing page to determine the appropriate grommet spacing for your situation.
5. Go to the on-line shopping cart. For each opening, enter the information on the worksheet into the order form.
